CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE” AND THE “GEM”, RESPECTIVELY)

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of the GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on the GEM, there is a risk that securities traded on the GEM may be more susceptible to high market volatility than securities traded on the main board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on the GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

Management Discussion and Analysis

BUSINESS REVIEW

The Group's business can be broadly categorised into four main sectors: (i) asset advisory services and asset appraisal, (ii) corporate services and consultancy, (iii) media advertising; and (iv) financial services.

Asset Advisory Services and Asset Appraisal

Asset advisory services and asset appraisal are the core business of the Group, which typically involves provision of independent valuation services to a number of listed groups to meet market, regulatory and fiduciary requirements, sourcing and identifying potential investment opportunities or investors, undertaking due diligence and evaluation on the underlying assets and provision of procedural and strategic business advices. Asset advisory services income is primarily success-based and project-based nature.

Corporate Services and Consultancy

The corporate services and consultancy segment mainly focuses on provision of advice to corporations in areas such as corporate governance, internal control, enterprise risk management and other operational aspects as well as provision of back office administration.

Media Advertising

Media advertising income is generated mainly through its in-elevator poster frames network and liquid-crystal-display network inside the elevators or lift lobbies of middle to high-end residential community.

Financial Services

The money lending business mainly involves provision of financial credit services such as personal loans and commercial loans to individuals and corporations while the gold trading business mainly comprises trading and exchange of gold and/or silver and provision of consultancy or agency services in Hong Kong. During the year ended 31 March 2017, the financial services sector was further expanded through the acquisition of a licenced corporation under the Securities and Futures Ordinance, Chapter 571 of the laws of Hong Kong (the "SFO") to carry out Type 1 (dealing on securities) regulated activities.

FINANCIAL REVIEW

The Group's revenue for the Period was approximately HK\$18.9 million (three months ended 30 June 2016: HK\$12.4 million), representing an increase of approximately 52.4% from that of the corresponding period of 2016. The increase in the Group's revenue during the Period was mainly attributable to (i) the increase in revenue generated from the provision of asset advisory services and asset appraisal due to more advisory projects undertaken during the Period and (ii) the increase in loan interest income as a result of the Group's expanded loan portfolio.

The Group's cost of sales for the Period was approximately HK\$5.3 million (three months ended 30 June 2016: HK\$5.7 million), representing a decrease of approximately 7.0% from that of the corresponding period of 2016. The decrease in cost of sales was due to the cost control during the Period.

The Group's marketing, administrative and other operating expenses for the Period were approximately HK\$11.1 million (three months ended 30 June 2016: HK\$9.8 million), representing an increase of approximately 13.3% from those of the corresponding period of 2016. The increase was in line with the increase in operations.

The Group's net fair value loss on financial assets at fair value through profit or loss and loss on disposal of financial assets at fair value through profit or loss for the Period were approximately HK\$120.8 million (three months ended 30 June 2016: HK\$21.3 million), representing an increase of approximately 467.1% from those of the corresponding period of 2016. The increase was due to the (i) listed equity securities of WLS Holdings Limited (approximately HK\$54.0 million) and Major Holdings Limited (approximately HK\$18.5 million) and (ii) convertible bonds issued by China e-Wallet Payment Group Limited (approximately HK\$25.2 million).

The Group's finance costs for the Period amounted to approximately HK\$0.9 million (three months ended 30 June 2016: HK\$1.3 million), representing a decrease of about 30.8% from that of the corresponding period of 2016. It was attributable to the decrease in effective interest expenses recognised on promissory notes issued by the Company.

Accordingly, the loss attributable to owners of the Company for the Period was approximately HK\$116.6 million (three months ended 30 June 2016: loss of HK\$22.3 million). The increase in the loss of approximately HK\$94.3 million was mainly attributable to the fair value change on financial assets at fair value through profit or loss approximately HK\$62.1 million and the loss on disposal of financial assets at fair value through profit or loss of approximately HK\$58.7 million.

CAPITAL STRUCTURE

There was no change in the capital structure of the Group as at 30 June 2017 as compared with that as at 31 March 2017.

REVIEW ON PROVISION OF FINANCIAL ASSISTANCE

On 31 March 2017, the Group granted a loan facility of HK\$64.0 million at an interest rate of 8% per annum for a term of 24 months to a customer, an independent third party which executed a second mortgage over a property in favour of the Group as security in connection with the loan. As at 30 June 2017, HK\$64.0 million had been drawn and the Group's aggregate amount of loan and interest receivable amounted to approximately HK\$65.3 million in relation to the aforementioned loan. For further details, please refer to the Company's announcement dated 31 March 2017.

SIGNIFICANT INVESTMENTS HELD

As at 30 June 2017, the Group's financial assets at fair value through profit or loss ("FVTPL"), with market value of approximately HK\$16.6 million (31 March 2017: approximately HK\$143.2 million), represented investment portfolio of 4 equity securities listed in Hong Kong. Details of the financial assets at FVTPL were set out as follows:

	As at 30 June 2017		For the three months ended 30 June 2017			As at 31 March 2017	
	Percentage of shareholding interest	Fair value HK\$'000	Percentage to the financial assets at FVTPL	Percentage to the net assets	Realised gain/(loss) HK\$'000	Unrealised gain/(loss) HK\$'000	Fair value HK\$'000

Other investments (Notes 4 and 5)	N/A	3,459	20%	1%	(11,058)	(5,450)	22,467
		16,609	100%	5%	(58,743)	(62,050)	143,198

Notes:

1. MHL is principally engaged in sale and distribution of premium wine and spirits products and wine accessory products in Hong Kong.
2. WLS is principally engaged in the provision of scaffolding and fitting-out services, management contracting services, other services for construction and buildings work, money lending business and trading of securities in Hong Kong.
3. e-Wallet is principally engaged in trading of security and biometric products and internet and mobile's application and related accessories.
4. The fair value of each of these investments represented less than 2% of the net assets of the Group as at 30 June 2017.
5. The Group had less than 3% shareholding interests in each of these investments as at 30 June 2017.

Among the 4 equity securities, approximately HK\$4.8 million represented the fair value as at 30 June 2017, which was related to the investment in WLS (31 March 2017's fair value of approximately HK\$59.3 million). Accordingly, an unrealised loss of approximately HK\$50.0 million a realised loss of approximately HK\$4.0 million such arising were recognised during the Period.

OUTLOOK

Although the revenue growth from the sectors of asset advisory and corporate consultancy services has slowed down as compared with previous years due to a lack of optimism in the global economy and the volatile financial and capital markets, the Group remains cautiously optimistic about the steady demand for professional services in the PRC, Taiwan, Hong Kong and Macau (together, the "Greater China"). As companies in the Greater China, especially in the PRC, grow in corporate size and operational complexity and geographical diversification, the need for a leading professional advisor on asset value, procedures and regulations as well as investment matching is expected to remain there. Based on the Group's existing competitive advantages and market position in the core business segments, the experienced professional teams and provision of convenient one-stop professional services, the Group is confident to address such challenges.

Furthermore, the Group completed an acquisition of a 95% equity interest of a licenced corporation under the SFO to carry out Type 1 (dealing in securities) regulated activities in January 2017. With the expansion of its operations to the financial services businesses, the Group believes that its client base and income source would be further diversified and increased. With its financial resources on hand, the Group will continue to seek investment and business opportunities in relation to companies engaged in the financial services industry in Hong Kong, in particular the money lending business and securities brokerage business, with a view to achieving a sustainable growth, increasing profitability and ultimately maximising the return to the shareholders of the Company.
